

# Atlas desk

**08480** The Atlas desk is a compact piece of furniture offering maximum functionality in a confined space.

The design of the bureau matches perfectly with the Atlas wardrobe gamut.

## Storage cabinet

- 2 side panels with a front lath, a back and a bottom.
- The panels are connected to each other by means of eccentric cams and wooden dowels.
- The back is 13 mm thick and is milled into a groove in the side panels.
- The panels are made of melaminated or veneered (\*) chipboard of 19 mm.
- The storage cabinet can be installed on the right or left side (Type A or B).
- The storage cabinet is equipped with synthetic glides.

## Support

- Round solid beech post Ø 55 mm with a chromium accent.
- Strong metal attachment.
- The support is protected by a coat of varnish.
- The metal parts are protected by a light grey epoxy coating.
- The underside of the tabletop has no side rails, so that a free height of 73,5 cm is always guaranteed. Thanks to this, the Atlas desk is very convenient for wheelchair users.

## Tabletop

- Made of a 24 mm double-sided stratified MDF board.
- The tabletop has rounded corners and edges.
- The tabletop is finished with a HPL layer.
- The edges are protected by a coat of varnish.
- A solid laminate tabletop of 12 mm thick is available (\*).

## Version with drawer and storage cabinet

- The drawer is installed in the frame by means of steel rails.
- The storage cabinet has a removable shelf of 13 mm thick.
- High-quality self-closing hinges, opening up to 135°.

## Version with drawer and refrigerator

- The drawer is installed in the frame by means of steel rails.
- Noiseless absorption refrigerator "Dometic Minicool-Silencio DS 400 BI", capacity of 37 litres.
- Door with HPL finishing (same colour as the frame).
- Interior lighting with LED.
- Spiral cable.

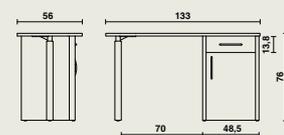

## Version with 4 drawers

- The drawer is installed in the frame by means of steel rails.
