

Domus A-sync Flex

16821 The central idea behind the Domus relax chair is to offer optimal seating comfort in peace and quiet.

The A-sync mechanism allows the backrest and legrest to be adjusted separately.

Support

- The rounded sides consist of 2 OSB boards of 30 mm, and are firmly connected with a metal structure.
- The sides are upholstered with fire-retardant foam.
- The upholstery is finished with imitation leather and decorative stitching.
- Comfortable rounded armrests of ± 5 cm.
- Dinner tray attachment.
- All edges and corners have been rounded.
- No visible fastening elements.
- Design castors \varnothing 65 mm with brake.
- Optionally possible on solid beech legs, with aid castors at the back.

Seat

- Removable seat in melaminated MDF, thickness: 12 mm.
- The rounded seat in front stimulates a fluent blood circulation.
- Comfortable seat height of 45 cm.
- Upholstered with fire-retardant foam. Two different density zones guarantee optimal seating comfort.

Backrest and legrest

- The backrest consists of an ergonomic pre-shaped plywood shell, thickness 12 mm.
- Upholstered with fire-retardant foam. This foam has 3 different density zones to guarantee optimal seating comfort.
- The upholstery is finished with imitation leather and decorative stitching.
- Equipped with an adjustable and removable head/neck cushion.

A-sync mechanism:

- Allows the backrest and the legrest to be adjusted separately.
- The backrest can be adjusted by means of a lever on the right side of the chair.
- A gas spring minimizes the necessary activation strength of the mechanism and ensures a continuous adjustment of the backrest.
- The legrest and seat can be easily adjusted by just pushing yourself off a little, without needing a lever.
- Optimal leg support, thanks to the telescopic legrest.
- When the chair is put in the seat position, the legrest is turned inwards so that you can stand up without any problem.

Colours

We would like to refer to our extensive colour gamut.
Sample card + samples available on request.
