

Fero Wooden chair

04738 The Fero relax chair is a very comfortable chair with specific qualities for the care sector.

Support

- 4 beech laminated legs, connected to each other by means of solid beech support beams.
- 2 beech laminated armrests.
- Glued mortise and tenon joint.
- The sides are firmly connected to each other by means of 2 metal cross beams.
- The ergonomic front design of the armrests makes it easy to stand up or sit down.
- Comfortable rounded armrests of $\pm 7,5$ cm.
- All edges and corners have been rounded.
- The legs are equipped with synthetic glides.

Seat

- Removable seat, made of a melaminated MDF board of 12 mm.
- Upholstered with fire-retardant foam.
- The rounded seat in front stimulates a fluent blood circulation.
- Comfortable seat height of 43 cm.
- Upholstered with fire-retardant foam consisting of at least 2 different density zones to guarantee an excellent seat comfort.

Backrest

- Made of an ergonomically preformed plywood shell of 12 mm.
- Upholstered with fire-retardant foam in 3 different density zones to guarantee an excellent seat comfort.
- The upholstery is finished with imitation leather and decorative stitching.
