

Nora

20783 The Nora bed is a multifunctional and modern column bed. With integrated safety features and a focus on comfort, the Nora bed is an optimal choice to meet the specific needs of patient and nursing staff.

Carriage

- Solid metal frame.
- High/low adjustment by means of 2 telescopic lifting columns.
- Trendelenburg and Reverse-Trendelenburg adjustment up to $\pm 16^\circ$.
- Integral S castors \varnothing 150 mm on precision ball bearings, with central brake mechanism.
- Design pedal to activate the central brake mechanism or directional lock.
- The brake pedal is accessible in all bed positions.
- Brake bracket at foot side (*) (not possible at head end).
- Brake pedal at the head end (*).
- Brake pedal at the head end and in the middle (*).
- Finished with a synthetic cover cap.
- The high/low adjustable columns improve the accessibility under the bed and the ease of cleaning.
- Fixed IV rods on carriage (*).

Mattress platform

- Mattress platform with 4 sections.
- Electric protection class I (equipotential).
- The backrest is electrically adjustable up to $\pm 70^\circ$ with autoregression.
- Backrest adjustment with intermediate stop at 30° inclination. (if equipped with quick release)
- The backrest is equipped with an inclination indicator.
- The knee rest is electrically adjustable up to $\pm 34^\circ$.
- The footrest is manually adjustable for the Fowler position.
- Electric manipulations of the mattress platform sections are equipped with a clamp safety.
- Manual quick release of the backrest (CPR).
- Battery (Li-Ion).
- Removable solid laminate mattress platform sections
- for the ease of cleaning and support.
- Standard equipped with reinforced cutouts for patients restraint straps.
- The backrest and footrest are equipped with integrated mattress holders.
- Telescopic bed extension possible up to 20 cm.
- 4 bed corners with integrated bumpers.
- 4 bed corners with cases to install an IV rod or lifting pole.
- The Jaro bed panel: metal frame with a solid laminate board. The Prime bed panel: a synthetic bed panel.
- Anodized aluminium side beams with built-in cable trough and integrated rail with four synthetic accessory hooks on each side.

Electric bed manipulations

- The electric functions can be activated by means of a hand set, a *mini nurse box* (*), a *nurse box* (*) or *integrated bed functions (DuoSafe sideguards)* (*).
- Integrated scale system, with an accuracy of 100 g according to EN 45501:2015 in all bed positions, with an additional integrated hand switch. (*)
- The hand switch is equipped with a preprogrammed sleeping or relax function and button for underbedlight (*).
- A *mini nurse box* (*), *nurse box* (*) and *integrated bed functions (DuoSafe sideguards)* (*) make it possible to switch off several functions selectively.
- The optional hand set with selective locking system (*) can switch off several functions selectively by means of a magnetic key.

Panel types

- Prime
- Jaro (* only with Trix)

Sideguards

- Atmosphère (*)
- Trix (* only with Jaro panel)
- DuoSafe (*)

Accessories

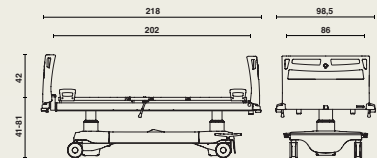

We would like to refer to our accessory list.

(*) Option

Dimensions and technical data

- Width: 98,6 cm¹, Length: 218 cm
- Height variation of the mattress platform: ± 41 cm - ± 81 cm
- Safe working load: 250 kg
- Weight (without options): 140 kg
- Mattress platform dimensions: 202 x 86 cm
- Mattress dimensions: 195 x 85 or 195 x 90 cm
- ¹ Width (with Jaro panels): +2 cm

Materials and finishing

- Metal: epoxy-coating RAL 9006 *white aluminium*, anodised aluminium, metal.
- Synthetic.
- Solid laminate.
- Self-lubricating synthetic hinges (= maintenance-free).
- Withstands the common cleaning products.

For more information about the **materials and construction**: please consult our material lists.

Options

- Footrest extension up to 20 cm.
- Fixed IV rods on carriage.
- Electromechanical quick release (CPR).
- Linen holder (not possible with mini-nurse box).
- Handset with selective locking system.
- Illuminated hand switch.
- Control box with Bluetooth.
- Wireless handset for control box with Bluetooth.
- Mini-nurse box (ACC).
- Nurse box (ACO) with handset + extendible linen holder
- Integrated scale system, with an accuracy of 100 g in all bed positions.
- Haelvoet Connect Solutions.
- Lateral tilt of the mattress platform.
- DIN-rail at head and/or foot end (not possible with DuoSafe).
- Nightlight under the bed.
- High/low foot pedal with fall protection.
- Brake buzzer.
- Wall spacer.
- Twin castors \varnothing 150 mm with central brake (standard with integrated scale system).
- Oxygen bottle holder (\varnothing 147mm, H 222 mm)
